Can a domain name be renewed after the expire date?

Agent - 2026-10-13 - Renewal of domains

Yes, you can renew expired domain names until the domain’s deletion date (*delete date*).

If a domain name has an expiration date (*expire date*), for example, 2025-06-28, it will be placed in the “Expired” status for 10 days after that date.

If no renewal is carried out during these 10 days, the status of the domain name will change to "Deactivated" for 60 days. During the "Deactivation" period, the domain name can still be renewed but will not be included in the zone file distributed by The Swedish Internet Foundation.
