Overview – How to navigate the registrar website

Registry Services - 2026-10-09 - Registrar web

On the registrar website, different functions are displayed depending on whether you are logged in or not. Here you will find an overview of where things are located.

When you are not logged in

When you are not logged in, the following headings appear in the top navigation:

- Guides
- Knowledgebase
- News
- Downloads
- Contact Us
- Become registrar
- Language (English/Swedish)
- Sign in - When you log in, “Sign in” is replaced whith the registrar´s name.

More information about what is available under each heading can be found here.

When you are logged in

As a logged-in registrar, you will see the headings above, plus:

- Start
- Account
- Domains
- Invoices
- Stats

A whois function is available from all tabs when you are logged in.
Some articles, news items, and documents are only visible when you are logged in.

More information about what is available under each heading when you are logged in can be found here.
