What if there is a suspicion that domain names are being used for illegal purposes?

Agent - 2023-02-15 - Legal

The Swedish Internet Foundation's registration terms for .se and .nu indicate that a domain name can be deregistered or deactivated by The Swedish Internet Foundation when presenting a legally binding judgment.

For suspicions that domain names are used for criminal purposes, a report should therefore be made to the Police Authority. In case of suspicions of other illegal uses of domain names, such as fraud or unfair marketing, the notification can be made to the Consumer Agency.
