Whose agreement with the registrant applies when a registrar’s agreement expires?

Agent - 2023-02-16 - Legal

When a registrar’s agreement with The Swedish Internet Foundation expires, the registrant’s agreement remains valid as before, although the counterparty becomes The Swedish Internet Foundation , which will inform the registrant that he/she should select a new registrar as soon as possible.

The following applies to .se and .nu-domains: The domain holder shall select a new registrar during the time when The Swedish Internet Foundation is temporary registrar, and if the domain holder refrains from choosing a new Registrar the domain name will be deactivated and deregistered when the registration period ends.
